

ZEPHYR

OPTIONS

- . Laquage profil
- . Murauto

FRAME FINISH

- . Laminate Range ALGAFLEX®.

Light, reliable and functional, with good acoustic properties, and offering a wide range of laminated finish options, the ZEPHYR movable wall is the obvious answer to all space optimisation needs restricted by a limited load restoration.

It is the natural choice for multi-purpose spaces, cultural centres, schools and the home etc. Through its design, and because it is lightweight, the ZEPHYR Movable Wall is extremely convenient and fits in with all types of environment and décor.

	Panel width	to your specifications depending on the finish
	Average weight *	PS 18 Kg /m²
	Max height	3 000 mm
	Transmission loss	Rw 36 dB / Ra 32 dB
	Thickness	97 mm
	Reaction to fire	Partition combination in accordance with article AM14

* Average weight for a single 3,000 x 1,200 mm panel
* * Depending on the specifics of the project, the design office will provide the Corrected value.
